Vol. 4 Thur. Feb. 8 No. 6

Jock McIntyre, Editor

You should at least go to the bonspiel and see such outstanding performers as Cannon Ball Baker, Popcorn Charlie, Bolts McIntyre, Prunes Latiff, Studious Faris, Shorts Jopling, Money Bags Buttler and His Majesty Orr start looking at the booby prizes.

We have a new and larger assortment of house tanks that are sure to give long service and are reasonably priced too.

Coxswain: "Take this oar!"
Stroke: "Or what?"

Never could you buy such skating outfits for so little as you can today. They C. C. M. too. We have a real handy shoe brush outfits that is in expensive and first quality.

Tuesday seems to have been Franks' nite. Frank Little won the radio, Frank Caldwell \$10.00 and Alvie Bjornson \$5.00 at the show.

We don't like to keep harping on any subject but we again want to assure you that you are overlooking a bet, if your water is hard, by not letting us explain our Red Jacket water softener to you.

"Your parson seems to be a very dogmatic sort of man."
"Oh, no, he's got only two and both of them's mongrels."

You should see such outstanding performers at the bonspiel as Kay Williamson, Ken Alder,

SCHOOL CHOIRS BROADCAST NEW WORLD BALLADS

The Canadian Broadcasting Commission is about to enter upon a novel experiment which has as its purpose the interesting of Canadian children in ballads having to do with the history of their own country. This will take the form of a series of five broadcasts based on John Murray Gibbon's recently published book "New World Ballads". The broadcasts will take place on successive Friday evenings beginning January 26 between the hours of 7.00 to 7.30 eastern standard time, and will be heard from eighteen stations covering the entire country.

Three of the programmes will originate in Toronto and the ballads will be illustrated by a group of girl-singers picked from Toronto high schools and singing under the direction of Leslie R. Bell, Director of Music, Ontario College of Education, University of Toronto.

The balance of the programme will originate in Montreal with ballads sung by the Westhill High Singers, a group of girls from Westhill High School. This choir is under the direction of Irvin Cooper, Supervisor of Music for the Protestant Board of School Commissioners in the City of

Montreal, and lecturer at McGill Conservatory of Music. An interesting feature of the experiment is that school children in Ontario have been instructed to "listen in" as part of their home work, and it is expected that in other provinces the same action may be taken. The attention of the school-children of Quebec Province is also being drawn by Dr. W. P. Percival, Director of Protestant Education to these broadcasts in the interests of school and community singing. Upper picture shows the Montreal choir, and the lower picture the Toronto choir.

- Editorial - Organization

As the time of election approaches and political parties are on the war path, so to speak the value of organization is clearly shown and we would respectfully suggest that a lesson could be drawn from the political situation to aid in the development of the community.

It is a truism that a house divided cannot withstand the forces which daily arise to drive a wedge between the members of the community. The strength of the district can only be maintained by having a loyal spirit towards home town business.

An exchange paper has just come to hand, a scathing and bitter editorial appears about those who do not patronize their home paper. While agreeing with the sentiments of the editorial we disapprove of the method taken by this editor to build up his community. Effective support for local merchants and the home paper can only be gained by co-operative efforts and The Chronicle stands pledged to do its utmost to aid the local merchants, business men, council and community bodies to hold the business in the villages served by this paper and to prevent them from becoming ports of call for gasoline. There is still an important place in the life of the nation for the small village on the prairies.

Co-operation Sought

The co-operation of Champion, Carmangay and Barons districts is sought by the new management of The Chronicle. We would appreciate the continuance of your support as in the past in the Newspaper and the job work departments and any news item which you think would be of interest to the public would be appreciated.

Bing Crosby took adequate steps to insure a crowd at his Rancho Santa Fe golf tournament last week end by inviting John Scott Trotter, the rotund conductor of the Kraft Music Hall, as his guest. "Even if we don't have another soul," said Bing, Johnny create the illusion of a crowd." Ken Carpenter and Bob Burns were other guests at the tournament. Of the three, only Burns is a golfer. He will not, however, play golf with Bing. He considers Bing too good for him. "First thing you know," says Bob, "Bing would talk me into betting. And why should I pay good money to see him swing a club."

The audience in the Lux Radio Theatre last week was the first to see Ginger Rogers as a brunette. It was necessary for Ginger to change the color of her hair for her next movie "Primrose Path." The new coiffure was a hit with the audience, and the Lux cast.

\$2,000,000 for Alberta Roads

Provincial expenditures of at least \$2,000,000 will be proposed in estimates to be brought down in the Alberta legislature at the session scheduled to open on February 8th.

Officials of the Alberta Motor Association have been informed that the appropriations will be at least as much as last year.

The 1939 program included \$1,000,000 for main highways construction, for which at least as much will be asked this year. Much of this is expected to be utilized for reconstruction and surfacing.

For district and secondary highways, upwards of \$500,000 is expected to be proposed to be used for construction and maintenance needs.

The province also is proposing to make a large expenditure on reconstruction and surfacing of the Jasper highway, east and west of Edmonton. It has asked the dominion government for a grant of \$500,000 for this road, which would be matched dollar for dollar by the province.

The program for the southern part of the province is expected to include completion of surfacing between Medicine Hat and the Saskatchewan border, and also surfacing of the highway from Lethbridge south to Courts on the U. S. boundary.

Fertilizers

Prior to the foundation of the chemical fertilizer industry founded 100 years ago, blood, soot, wood ashes, kelp and night soil were used to replenish the productivity of the soil. The small quantities of Nitrogen, potash and phosphate contained in these substances justified their use as fertilizers, but on y wishfull thinking was behind the application of leather refuse hair, charcoal and animal fats which passed as fertilizers during the eighteenth century.

A discussion arose in respect to pensioner Thos Craig, it being pointed out, that this recipient was still the owner of a bunch of horses, and that he must be receiving proceeds from the sale of such stock, however the Council felt that the Secretary should write the Pensions Board, and have a check up made in respect to same.

As there was no further business to be discussed, Councillor Mix moved that meeting adjourn.

George Rhodes interviewed the Council in respect to acreage bonus etc, and Councillors Matlock Griffin and Hopkins agreed to investigate.
